# Alexander Mitchiner

1st Year Computing | Imperial College London  
Camberwell, England, United Kingdom

## Summary

A motivated and driven student with a knack for tech. I am soon to be an Imperial fresher of 2023 to study Computer Science having studied Maths, Further Maths, Computer Science and History for A-Levels and achieving A\*A\*A\*A. Always up for a challenge and proficient in industry leading programming languages such as Python, Java Script and C#. Outside of Working/Learning hours, I like to workout, go running and enjoy learning languages.

---

## Experience

### Equal Experts

#### IT Technician

July 2023 - August 2023 (2 months)

London, England, United Kingdom

A full-time summer employment helping on an internal database system for Equal Experts, mainly focusing on the Frontend and an API to bring data to it. I used React and Next.js for the frontend and Java to build the API, learning Cypher query language for Neo4j.

### Equal Experts

#### Work Experience

July 2022 - July 2022 (1 month)

London, England, United Kingdom

I got involved with Equal Experts as a Work Experience student for a week, talking to professionals and working on the charity LSTM project.
